

# Technical Sales Sheet

## Solvitol Anti Static Cleaner Spray

### Description

Solvitol Anti Static Cleaner (ASC) is a specially formulated foaming cleaner suitable for use on most hard surfaces where static builds up. By reducing the amount of static on a hard surface, less dust is attracted, thereby reducing the amount of cleaning required.

### Applications

Solvitol Anti Static Cleaner is particularly suited to office use where static builds up from computers, VDUs, TVs, Hi-Fi's, Telephones, etc. It is effective at removing correcting fluid from photocopier platens, finger marks, dust and tobacco film from surfaces leaving them smear free. The anti static effect not only reduces electrostatic build up but also allows longer periods between cleaning. Regular use on VDU screens helps to reduce eye strain and tiredness.

### Benefits

- \* Easy to use.
- \* Fast acting.
- \* Low foaming formula.
- \* Cleans and degreases.
- \* Anti-static properties.
- \* Safe on glass and most plastics.
- \* Easy to apply spray application.
- \* Available in a 400ml aerosol.
