## Solvitol Citronol LCC Solvent Emulsion Cleaner

### Description

Solvitol Citronol LCC Solvent Emulsion Cleaner (S93) is specially formulated for use in marine and petrochemical clean down schedules, in fact in any environment where general cleaning and degreasing needs to be achieved without the use of petroleum hydrocarbons.

### Applications

It is formulated as a ready to use product but can be further diluted with up to 15 parts water. The product remains clear when mixed with water and is especially beneficial when used in conjunction with oil/ water separators. Oil is quickly separated from the cleaning solution to allow safe disposal. For the general cleaning up of oils and greases in a variety of applications the product will rapidly penetrate and remove oily coatings, which after rinsing with water leave a clean surface. Use for the removal of tar, ink, crayon, nicotine etc. and especially for the removal of ink etc. for silk screens and pressure washers.

### Benefits

- \* Economical in use
- \* Quick splitting with fast oil release
- \* Easily disposed of after soil separation
- \* Petroleum hydrocarbon free solvent system
- \* Clear amber liquid with fresh citrus aroma
- \* Ready to use but can be further diluted with water
- \* Readily biodegradable

### Technical Data

Appearance	:	Clear, straw coloured liquid with citrus aroma
Contents	:	Blend of surfactants, terpene hydrocarbon and glycol ether solvents in water
Storage	:	In closed containers as supplied
Flash Point	:	80 degrees C (Abel closed cup)
PH	:	10.0-11.0 (Neat)

### Pack Sizes: -

Barrels	5 litre
	25 litre
	205 litre

### **Directions for Use**

May be applied by brush, wipe, spray or used in a dip tank.

Recommended dilutions:

Manual cleaning	Neat or up to 15 parts water
Steam Cleaning	Dilute with between 15 and 75 parts water
Dip Tank	Neat or up to 8 parts water

Be careful when using on sensitive aluminium alloys as prolonged immersion may cause some attack. Test before use or contact Solvitol technical department for advice.
