Technical Sales Sheet

Solvitol Metal Cutting, Tapping, Drilling and Reaming Lubricant

Description
Solvitol Metal Cutting, Tapping, Drilling and Reaming Lubricant (CTF) has been designed to provide optimum lubrication during the metal cutting operation and so extend tool life and improve surface finish.

Applications
Solvitol Metal Cutting, Tapping, Drilling and Reaming Lubricant is suitable for use on all metals and is designed to cope with tough and difficult to cut materials. It can be used for all metal cutting operations, especially drilling, tapping, die thread cutting, hobbing, reaming etc.

Solvitol Metal Cutting Spray (CTF)
This 400ml aerosol offers a convenient method of application particularly when applying it to moving tools and avoiding direct physical contact. It is also useful for dead hole applications and similar situations such as die boxes.

Benefits
- Prolongs tool life.
- High extreme pressure additive content.
- Compatible with all metals.
- Multi purpose product.
- Enhances the quality of the machined surfaces.
- Improves productivity through greater machine speeds and feeds.
- Easy application.
- Directable spray.
- Available in a 400ml aerosol.

Pack Size
Aerosol	12 x 400ml box
