

Technical Sales Sheet

Solvitol Silicone Spray

Description

Solvitol Silicone Spray (SIL) is a specially formulated lubricant. It is clean, safe to use and non-staining with high temperature stability. It has excellent anti-stick properties, water repellence and electrical resistance.

Applications

Solvitol Silicone spray is particularly suitable for the lubrication of plastics and other polymers. It has many general-purpose applications in the food, chemical and other clean industries and as a lubricant for control cables used on mechanical equipment.

Benefits

- * Clean to use
- * Excellent chemical resistance
- * High temperature stability
- * Good electrical resistance
- * Easy to apply spray application
- * Available in a 400ml aerosol
